

2023 Impact Report

The FCSS philosophy is based on a belief that self-help contributes to a sense of integrity, self-worth and independence. Programs developed are intended to help individuals in their community to adopt healthy lifestyles, thereby improving the quality of life and building the capacity to prevent and/or deal with crisis situations should they arise.

Youth Outreach Program

250 School Visits Across 9 Schools

Current FCSS Provincial Initiatives & Priorities

Our child is coping so much better because of the strategies you have given.

Mental health is so important. Thank you for making it a part of discussions in the community.

We are so grateful for the support and guidance of Youth Outreach, it has helped a lot.

I learn a lot from the senior education sessions, please keep them coming.
