Methods

Under the supervision of the Legislative Services Department of the Corporate Services Division, residents were able to complete the census online.

Enumerators only visited households that did not submit an electronic census by May 6, 2013 and entered the information electronically right at their door. The City contracted the City of Airdrie to host the online 2013 municipal census.

This report presents the results of the census in tables and figures. Where possible, census data from 2012, 2010, 2009 and 2008 are provided for comparison and to identify population trends.
