3	3	237
4	4	489
5	3	229
6	3	288
7	3	205
8	4	520
9	3	284

Disc Golf Objective

The goal of disc golf is to complete each hole in the fewest number of throws, much like traditional golf. Players throw a flying disc from a designated tee area toward a basket target. The player with the lowest total score after completing all holes wins. It's a game of precision, strategy, and fun for all ages and skill levels.

Safety and Etiquette

Always check for other park users before throwing. Wait until the area is clear, respect the course and nature, and let faster groups play through. Stay aware, play safe, and show good sportsmanship.
