### **4.0 Sophie Angoh, Supervisor, Waste Programs**

- a. Fort Saskatchewan has a provider called Integrity that picks up our organics bins and takes them to the compost facility called Roseridge. There was an increase of contamination of items being taken to Roseridge that was being charged back to Integrity, to stop the increase of cost the City of Fort Saskatchewan chose to start an education campaign to get behaviors to change around the green bins.
- b. Strathcona and St Albert both used this approach and had success.
- c. 78 % were given gold sheep and only 22% were found to be contaminated and only 9% of those were fined.
- d. New initiative that Waste Programs will be undertaking is the Prairie Robotics program where each cart is photographed and any contamination is caught right away and then marked, a letter is then sent with the contamination explanation to help continue the education of residents.
- e. Earth Day, April 22<sup>nd</sup> event coming up where compost will be available to the community for one day.
