PLUMBING PERMIT INFORMATION

For questions about your permit or inspections, please contact:

780-992-6207 or inspectors@fortsask.ca

- This permit is valid for one year as long as work begins within 90 days of issuance and isn't paused or abandoned for more than 120 days once started.
- The owner of the building is fully responsible for carrying out the work or having the work carried out in accordance with the requirements of the Safety Codes Act and pursuant regulations.
- This permit does not cover zoning or development; separate permits are needed for that work.
- Secondary suites are separate dwelling units under the National Plumbing Code 2020, as they operate under a single tenancy. As such they require backwater protection to meet the minimum requirements of The National Plumbing Code 2020 - 2.4.6.4
- You will receive an emailed list of required inspections and instructions on how to schedule them with your approved permit. After a site visit, a Safety Codes Officer may ask for extra inspections beyond the initial list. If you're unsure about needed inspections, contact us by email or phone at the top of this page. Please have your project address and permit number ready.
- If you need an extension, you may apply before the permit expires. Only one extension is allowed per permit. To request an application form, contact us by email or phone at the top of this page, and have your project address and permit number ready.
- Any amendments or revisions to the approved scope of work must be submitted to the City of Fort Saskatchewan in writing for review. If approved fees may apply.
- A Safety Codes Officer may suspend or revoke a permit if it was issued by mistake, based on incorrect information, if conditions were violated, or if fees are unpaid.
- The applicant grants permission for necessary inspections to be conducted with the signing of this form.
- Full and safe access to the site and building must be provided and maintained.
- Re-inspections due to no access, unsafe access, not being ready for inspection or deficiencies are subject to re-inspection fees, as determined by the fees and charges bylaw, and must be paid prior to the next inspection being scheduled.
- Should a permit be cancelled, the holder of the permit must submit a written request to the City of Fort Saskatchewan. The City of Fort Saskatchewan will refund as follows:
 - i.) To the permit holder, if there has not been an inspection - holdback of 50% or \$70.00, which ever is greater. Safety Code and Fire Safety Fees and Non-Refundable
 - ii.) To the permit holder if there has been an inspection - No refunds
